

Walsall Area CTC

GPS Downloading routes from the library

- 1) Go to Walsall Area CTC website and select Routes Library
- 2) Select the route you wish to use (Ride with GPS will come up)
- 3) Click 'Export' at the right side of the screen
- 4) Select 'TCX' file type
- 5) On 'Computer' select 'Downloads' and the TCX file should be there (eg P55BA.tcx)
- 6) Drag the file onto the desktop
- 7) Plug the Garmin into your PC using the USB cable
- 8) A Garmin dialogue box will appear inviting you to open the file - open it.
- 9) Look for 'New Files' within Garmin
- 10) Drag the tcx file back off the desktop into New Files
- 11) Safely remove the Garmin from the PC, the route should now be visible on 'Courses' in the Garmin
