

Understanding our club insurance

Following three rides with Walsall Area Cycling you should join the club, currently this costs just £2 per year.

That £2 is to cover the cost of our club affiliation to Cycling UK as well as website hosting and domain name costs etc.

The affiliation to Cycling UK provides 3rd party insurance for members leading a ride (provided they are on a named list of leaders) but does NOT provide 3rd Party insurance for individual riders, however members can buy 3rd Party insurance from Cycling UK at competitive rates due to their being a paid up member of the Walsall Area Cycling

I hope this fairly clear.
